"Shakespeare Unshackled"

A musical Shakespeare class! Whether you're a fan of the Bard or have never seen a classic play, this show promises to make you laugh while you learn. "Shakespeare Unshackled" takes us back to Elizabethan England, and features hilarious songs such as "No One Cares About History." In this class, students will heighten their performance skills, and learn the historical details of Shakespeare's most famous works.

Youth Musical Theatre

"The Big Chill"

Remember the anticipation before a snow day? Kids and adults alike dream of a day off-and realize they're not so different after all. Note: There are two separate classes working towards the same musical performance! Ages 4-7 are playing the students, while ages 8-12 are playing the weather reporters, teachers, principal, etc. They will combine for a dress rehearsal the week before the showcase.

"Learning to Learn: The Rumpelstiltskin Method"

Rumpelstiltskin is back-but this time, he won't spin straw into gold for a damsel in distress. Instead, he's happy to teach The Rumpelstiltskin Method™! With help from a wacky variety of characters, including elves, animal handlers, and neuroscientists, you're going to learn a lot about what it means to learn.

Theatre

"Little Red Robin Hood"

A clever combination of Robin Hood and Little Red Riding Hood. When a developer threatens to cut down Sherwood Forest, including Grandma's cottage, Little Red and her Merry Maidens must find a way to stop them! Farcical plot reversals, slapstick chases, clever disguises, and a money bag that changes hands every other minute make this fast-moving comedy as much fun to perform as it is to watch.

Mon 5:30-7:00pm, ages 7-adult

Improv

Improvisation is the art of real life. Just like in life, we are acting without a script! Students will build skills to think on their feet, create interesting stories with their classmates, make strong character choices, and handle anything that life throws at them. Get ready to grow your confidence and laugh!
